

World Wise Foods Group: Our Source Fisheries

April 2022 - March 2023

As part of the World Wise Foods Group commitment to sourcing with integrity and supply chain transparency we are open to sharing information with all our business stakeholders on where our fish is sourced from. The World Wise Foods Group has a clear process for the approval and risk assessment of fisheries and fish species which aligns with the Sustainable Seafood Coalition Codes of Conduct; all our fish is responsibly sourced.

The information below will be updated annually and shared via our website.
